

A grainy, high-contrast black and white photograph. In the lower half, a ship is visible on the horizon line, its silhouette dark against the lighter sky. The foreground shows a dark, textured surface, likely water with ripples. In the upper right quadrant, a dark, elongated object is captured in flight, angled downwards towards the right. The sky is filled with horizontal streaks and speckles, suggesting a noisy or degraded image quality.

A black and white photograph showing a horse-drawn cart or carriage in a rural setting. A person is standing near the cart, and another person is visible in the background. The scene is outdoors, possibly in a field or near a road.

A black and white photograph of a steep, rocky cliff face. The cliff shows signs of erosion and is topped with sparse vegetation. In the foreground, there is a flat, open area with some low-lying structures and utility poles.

Kange külma tagajärjel on Niagara kosk külmunud jäässe. Pildil kasutavad juhusst ja käivad mööda jääd, otse kose all, imetlemas võimsaid jääpurikaid.
